

SENATE BILL REPORT

SB 5001

As Reported By Senate Committee On:
Natural Resources, Parks & Recreation, January 27, 1999

Title: An act relating to hunting cougar.

Brief Description: Authorizing hunting of cougar with the aid of dogs.

Sponsors: Senators Morton, Deccio, Honeyford, T. Sheldon, Swecker, Hargrove, Rossi, Hochstatter, Oke and Rasmussen.

Brief History:

Committee Activity: Natural Resources, Parks & Recreation: 1/27/99 [DPS].

SENATE COMMITTEE ON NATURAL RESOURCES, PARKS & RECREATION

Majority Report: That Substitute Senate Bill No. 5001 be substituted therefor, and the substitute bill do pass.

Signed by Senators Jacobsen, Chair; T. Sheldon, Vice Chair; Hargrove, Morton, Oke, Rossi, Spanel and Stevens.

Staff: Ross Antipa (786-7413)

Background: A prohibition on the hunting of cougar with dogs was approved by the voters with the passage of Initiative 655 on November 5, 1996. Currently, the Fish and Wildlife Commission is authorized to allow hunters to harvest cougar without the use of dogs.

Since the initiative was enacted, cougar populations, cougar sightings and incidents of cougar damage to livestock have increased. Cougars have also attacked humans since the passage of the initiative.

Hunting cougar without the aid of dogs is difficult due to the cougar's secretive nature. Prior to the prohibition of cougar hunting with dogs, over 90 percent of the harvest of cougar was with the aid of dogs.

Summary of Substitute Bill: The provision of Initiative 655 that prohibits the hunting of cougar with dogs is repealed. The Fish and Wildlife Commission retains the authority to regulate the time, place, and manner for cougar hunting. The commission may authorize cougar hunting with dogs, but is not required to allow it. The department must develop and disseminate information on proper methods of dealing with dangerous wildlife.

Substitute Bill Compared to Original Bill: The provision of information on proper ways to handle problem wildlife is added. An emergency clause is added.

Appropriation: None.

Fiscal Note: Not requested.

Effective Date: The bill contains an emergency clause and takes effect immediately.

Testimony For: The most effective way to hunt cougar is with the use of hounds. Cougar populations are expanding and human interaction with dangerous cougar are increasing. The department does not have the financial resources to control dangerous cougar.

Testimony Against: Hunting cougar with hounds is cruel and other control methods should be used. People should respect the role cougar play in the ecosystem and learn to live with them.
